

# SONANCE

## VISUAL EXPERIENCE THIN-LINE

**VX62R TL | VX62R SST TL | VX66R TL | VX66 TL**

Sonance Visual Experience Thin-Line Series represents expert innovation of performance and design, delivering room-filling sound from an elegantly slim profile. These architectural speakers combine advanced acoustic engineering that accommodates for challenging room architecture and space limitations; delivering Sonance VX into more applications, even in 2.5" metal framing for concrete construction.

## KEY FEATURES

Sonance Visual Experience Thin-Line speakers accommodate for shallow construction and limited space. Available for in-ceiling or in-wall, and selections for performance level and Single Stereo Technology, VX Thin-Line models will complement the advanced performance of the standard Sonance VX Series models.

## FEATURES AND BENEFITS

**Shallow Depth Design:** Fits into 2.5" metal framing in concrete ceiling applications

**VX Transducer Tech:** Higher performance, fidelity

**VX Waveguides:** Consistent tonality, improved coverage

**VX Grilles:** Micro trim and trimless, Sonance brilliant white

**Decreased Depth:** 3mm thinner than ever, fits into more installations (2.5" studs used in MDUs and high rises)

**One-Stage Install:** Traditional installation process, as seen in award-winning Visual Experience Series
